Registration, organisation of meals and accommodation

Registration is located in common room in pension Kaskáda, way will be marked. It is forbidden to enter into the pension in racing shoes. It is smart to pack slippers. You can park on parking places nearby pension. Please, save space and be respectful to others.

During registration you confirm that you agree with conditions of the race and you get a map for each runner for both stages. Who ordered meal (dinner and breakfast), will get either orange wristband (both days) or yellow one (just for Saturday).

Breakfast is served to according schedule. There is a restaurant with common menu. On Sunday from 13:30 there is a goulash for all runners, alternatively a soup.

We ask all racers to be quiet from 23:00 and not disturb others. On Sunday leave your room until 15:00.

Map with check points (CPs)

At registration team get **two maps** in scale 1 : 33 333. It is a „rogaining map“, i. e. for better readability is yellow-white – forest is white, open space yellow. There are 34 CPs in the race area numbered from 11 to 44. CPs are already printed in the map. Map was updated in June

2020 (Championship of the Czech Republic in rogaining), there are almost no changes in the forest since the time. Just do not look for all paths – due to the scale...

After registrations you will know where are the CPs but you won't know how many points you get for them.

Punching and points

We „punch“ electronic with KuKacky (cuckoo) chip system. Twenty minutes before start will each team get 2x CP descriptions with points and ready chip with their team number. Points are from 0 to 9. You can take a look at chip system at registration. If there is a CP with 0 points, it does not have to be in terrain (is not yet, is not anymore or never was and never will be...). Protect your chip from damage and loss. In finish you return your chip, it will be read and its data processed into results.

On Sunday is the procedure the same – team will get the CP descriptions with points and ready chip.

Equipment

Mandatory equipment is working charged cellphone ready for solving emergency situations. Recommended equipment is a race map, start card, compass, food and drink for the race.

Start

Mass start will be in front of pension according to the schedule. It will be marked. Racers can start any time after start time but the time limit starts from the time of the mass start.

The race

Brutus Orienteering is race for teams. Team members have to be within earshot for the whole time of the race. When punching, both members have to be present at the CP. It is forbidden to use any means of transport nor GPS

CPs

There are orange-white flags (kites) used in orienteering (small or big) and electronic CP for punching the chip. If the CP is stolen, take a picture of the area.

Time limits

Time limit is **6 hours** for Saturday stage and **5 hours** for Sunday stage.

Refreshment during the race

There is no refreshment provided by organizers. You can buy refreshment in restaurants or shops during the race. After each stage there will be hot tea, on Sunday even goulash or soup for everyone.

Results

The aim of Brutus Orienteering is to get as many points as possible. In case of equality is determinative the time spent in the race. For exceeding the time limit (16:00 on Saturday, 13:00 on Sunday) will be deducted 1 point for every initiated minute after time limit. If number of penalty points exceeds the number of gained points, team gets 0 points in total and ranking will be made according to their times.

Terrain obstacles

The biggest terrain obstacle is river Vltava. We remind you that embarkment of water reservoir Kamýk is not walk-through. In the whole race area mainly either open land or forest. Open land are mainly pasturages not surrounded by fence and fields. Hillsides are mostly forested, in Vltava valley rocky and impassable. Avoid to forbidden areas, in some you may have problems to get out.

Finish

Finish of the race is marked with banner CÍL. Last CP will be on terrace in front of entrance into the pension. You can punch the last CP when your last team member arrives. Stage is over when you return chip for reading and making results. Finish line is open according to schedule. Before finish opening there may be no organizers in finish area. Racers who come back earlier, read their chip when finish line opens. Finish line closure is one hour after time limit. Racers who miss the finish line closure will get 0 points and will be added 1 hour.

Safety and responsibility

Racers start at their own risk. Racers confirm that they are familiar with safety rules and racing at their own risk with their signature at registration. Organiser does not take any responsibility for potential damages caused to racer nor for potential damages made by racer. If you quit your race or are late to finish line closure, let us know on this number: **+420 737 241 014** (Pavel Jahn).

Thanks
