

Draft Agenda

WG3 - Integrated Design - Across the disciplines of fire in the built environment
at School of Building Construction of Barcelona, 5-6 July 2010

1. Welcome and introductions

2. Approval of the Agenda

3. Introduction of members

4. WP5 Dissemination

Non technical information:

Local journal

Technical dissemination:

a) Local Seminars will be held by local parties; 2012

b) Web Site, improvement current, local?

c) Conference at the end of the Action will summarise all aspects of the work and consider future needs.

5. WP 1 State-of-the-Art Report

To summarise of the current level of knowledge will be the initial task, to be finalised at a Workshop, held after the first year.

6. WP 2 Case Studies

Current practice and accumulated knowledge

During the second year of the action

Fire engineering applications

Clear explanations of the decision processes

The scientific assumptions and the practical constraints

How different aspects of fire engineering are integrated

7. STSM Short term scientific missions

8. Preparation of Action Conference

Location

Papers

Publication

Invited experts

9. Closure of the meeting
